What is Ownership ?

- (I am aware of the impact and I own it)
- o Taking personal responsibility for the tasks, projects and for the organization.
 - o We should hold ourselves accountable for the actions and decisions we made.

Result Oriented

"Outcome rather than output"

- o It is more about completing tasks and achieving outcomes or goals than having an output. Knowing the end goal and taking steps to achieve those goals It's about getting things done and making sure they have a meaningful impact

Accountability

- Taking ownership for the actions and outcomes that we took, which resulted in both positive and negative ways.
- Its involve being answerable for the consequences of those actions.
- If I accepted something that I will take care of that, I should be accountable for that act.
